

QuadFlash™

PRODUCT DATA SPECIFICATIONS

OMG's new QuadFlash boot provides a fast and efficient method for sealing clusters of rooftop pipe penetrations.

Unlike pitch pockets that can crack and fail as penetrations expand and contract, the QuadFlash multi-pipe boot provides a permanent watertight and maintenance free solution that accommodates building and pipe movement.

OMG QuadFlash is designed for universal use and features a spun aluminum base with dual Lok & Grip ridges around the collar to securely hold the molded rubber cap. The wide 14-in. diameter base flange makes installation easy on all commercial roofing systems. Bases have a 6-in. stack height and an 8-in. stack diameter.

Heavy duty black or white EPDM caps resist weathering, ozone, UV and remain flexible to accommodate pipe movement even in extreme temperatures.

Each QuadFlash boot can handle up to four pipes, with outside diameters ranging from 3/8 to 2-in.* Four stainless steel adjustable clamps are provided to secure the cap around pipe penetrations.

***Secures two (2) pipes of 1-in., 1¼-in., 1½-in. or 2-in. diameter, AND two (2) pipes of 3/8-in., ½-in., ¾-in. or 1-in. diameter.**

FEATURES & BENEFITS

- Extra wide, 14-in. base flange for easy installation.
- Dual Lok & Grip ridges hold molded EPDM caps securely in place.
- Heavy duty EPDM cap resists weathering, UV and ozone.
- One piece, 16 Ga., spun aluminum body provides strength and durability for long-term performance.
- Rubber caps outperform pitch pockets by handling vibration and pipe movement without cracking. Pipe sizes are marked on cap.
- Can be used to flash single pipes or clusters of up to four pipes.
- Easy to install and maintenance free.
- Available with black and white caps.

PHYSICAL DATA

The data below is constant for all QuadFlash boots.

BASE		PACKAGING	
Base: 16 GA. (.064") spun aluminum		5 units per box 16 boxes per skid 80 total units per skid	
Flange width: 14"			
CAP		STACK	
Accommodates: Two (2) pipes of 1", 1¼", 1½" or 2" diameters, AND two (2) pipes of 3/8", ½", ¾" or 1" diameters		Total Height (with cap): 9" Stack Height (without cap): 6" Stack Diameter: 8"	
Colors: Black or White
