Firestone

PROTECT YOUR FIRESTONE ROOF SYSTEM WITH HIGH-PERFORMANCE PRE-MANUFACTURED ROOF METAL EDGE

Firestone's roof edge products enhance any EPDM, TPO, PVC or Modified Bitumen roof system, while serving as the roof's first line of defense against wind and water infiltration. Firestone has you covered from edge to edge with multiple fascia, coping, drip edge and gravel stop solutions; offering a quick ship vast portfolio of standards and custom options for any project.

Firestone's pre-manufactured roof edge products:

- **DELIVER SUPERIOR PERFORMANCE** for the life of the roof system.
- **HELP CONTRACTORS SAVE TIME AND MONEY** by simplifying the process from takeoffs, quoting, fabricating, packaging, and efficient installations.
- **ENGINEERED AND TESTED** to meet ANSI / SPRI / FM 4435 / ES-1 building code standards for wind uplift -- from coast-to-coast.

Backed by a Firestone Total System Red Shield™ Limited Warranty*.

* Conditions apply. See firestonebpco.com/us-en/resources/warranties for details.

FASCIA PROFILES

Firestone's fascia portfolio is expansive and provides excellent edge securement, meets building code for wind uplift and delivers lasting roof protection against harsh weather conditions.

COPING PROFILES

Firestone copings offer versatility and cover a wide variety of parapet wall conditions and installation scenarios. All copings are manufactured to the specs of each project to ensure a secure fit for the long-term.

DRIP EDGE & GRAVEL STOP

For ease of terminating the edge and directing water away from the building, Firestone offers a variety of drip edge options. Firestone's TPO Skirted Drip Edge comes with factory applied flashing, providing time savings for contractors since no stripping in or hand-welding are required. For ballasted roofs, Firestone's Gravel Stop is simple to install.

ROOF EDGE ACCESSORIES

To complement a roof edge system, Firestone offers a variety of accessories. From stocked items to custom pieces, Firestone accessories provide lasting and durable solutions to complete the roof system. However, these accessories would not be applicable for Red Shield Limited Warranty* coverage.
